

THE TAPAS WINE COLLECTION

THE BEST SPANISH WINE FOR TAPAS

ABOUT US

Our Story started ten years ago with a question. How do we combine the two things we most love about Spain; wine and tapas? After scouring Spain for superb wines and enjoying some delectable tapas along the way we arrived at The Tapas Wine Collection. The range showcases different wine styles from some of Spain's most exciting wine regions. The Wine and Tapas Collection - a marriage made in heaven that we know you'll enjoy!

CONCEPT & BRAND

With a literal meaning of WINE for TAPAS, it came full circle when we decided to name our wines after the regions that produce them. The design of the label was inspired by the menu blackboards in tapas bars giving an original, authentic, friendly feel that is emphasized by fun doodles on the side panels of the bottle.

"THE DESIGN OF THE LABEL WAS INSPIRED BY THE MENU BLACKBOARDS IN TAPAS BARS"

OUR WINE GROWING REGIONS

Spain is a fascinating country for wine lovers and features a dazzling array of unique micro climates creating an exciting assortment of wine styles. You'll find the most exciting wine regions such as Navarra (known for the fascinating roses from Garnachas and amazing reds from Old vines Garnachas), Jumilla (where here there is really one king of the grapes: Monastrell), beautiful Valencia (where wine freshness starts here for Moscato), Requena in Valencia (a new amazing area growing of Cava), and more.
